VAN SCIVER'S Tuberous Begonias

ON DISPLAY — JULY UNTIL FROST

You are invited to visit our gardens, in the heart of the Pocono Mountains, where woodlands are transformed into a fairyland by the rare beauty of thousands of blooms.

Here you see on display our choice select TUBEROUS BEGONIAS—the most beautiful of all flowering plants which are the answer to a gardener's prayer for something that will bloom in the shade and thrive under simple cultural requirements from July until frost.

See how we use the same area for complete Spring Bulb Beauty and Summer-through-Fall Begonia Beauty.
